## *Introduction*

*Please take the time to read through these documents carefully because they form the insurance contract you have with us. Your policy certificate is particularly important because if there is any inconsistency between your FMG policy wording and what is on the certificate, it is the certificate that applies. Under this contract, we both have responsibilities to ensure everything runs smoothly. These are detailed as follows, and if there is anything that you don't understand, please contact us. The expiry date of your Policies is shown on the policy certificates. We will be in contact with you regarding renewal of your insurance around that time.*

## *Your Responsibilities*

*This FMG Policy has been provided to you based on your disclosure to us.*

If there is any material information which could relate to the cover provided under this Policy, you need to let us know. Please be aware that disclosure of material information will not necessarily affect your ability to obtain cover, but not informing us might result in you having no insurance at all. It is important that you:

- Please tell us all material information before the cover starts, even if we don't specifically ask about it.
- Please update us should anything about your circumstances change, both during the period of insurance and at renewal.

Cover under your Policy will not commence until you have paid, or have agreed to pay, the premium (including any Government charges) for the period of insurance. If your premiums are not paid on time, your insurance could be cancelled and you will not be insured.

It is essential that you:

- tell us of any errors in your documentation,
- contact us if there is anything you don't understand and would like explained more fully, and
- keep this Policy in a safe place along with your renewal notice(s).

This Policy contains some exclusions and these are detailed throughout the Policy. It is important that you read these and are aware of them.

This Policy also contains certain conditions and obligations that you must meet. If you don't, we may decline any claim you make. Any other person that is entitled to claim under Policy must also meet these conditions and obligations.

# Welcome to FMG

The Proposal you completed also authorises us to collect relevant information about you and/or your business from third parties, such as other insurers and insurance brokers.

However, we fully understand the importance of protecting your personal, commercial and financial information and therefore we will not share your information unless authorised to do so under the Privacy Act 1993.

Your information will be held securely by us, within our organisation, and you are entitled to access and correct the information you have provided, as set out in the Privacy Act 1993.
